TITLE: Electronic contract broker and contract market maker infrastructure

Detail Description Paragraph:

[0142] Depending on the Risk the minimum bid will be adjusted. For example, for the particular COMPLET worth \$140,000.00 and Risk=9, the initial minimum bid is \$19,900.00. If the Risk changed to 3, the initial minimum bid is adjusted to \$14,000.00 total. The initial formula for the initial minimum bid calculation is:
